Making Good.
There is no way of making lasting friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities will manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine, and its ingredients printed on bottle wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "sure-kill." It is only advised for women's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve, it is unequalled. It won't satisfy those who want "booster" for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equaled.

RIFLE RANGE.

Several important steps affecting the military service of the commonwealth were taken Wednesday at a 4 hour meeting of the state military board in the governor's office, Richmond, the most notable being the acceptance of a site for a permanent camp and rifle range near Virginia Beach. Provision for the instruction of the various arms of the state service and coming manoeuvres was also made.

Looking to the establishment of a second range, the board appointed Col. J. Lane Stern and Secretary of the Commonwealth Jones to select a suitable location in the mountain section of the state.

Revision of the regulations for the Virginia volunteers was decided upon. They will be changed so as to conform to the present needs of the service.

All infantry officers will be put in a camp of instruction, according to the decision of the board.

Just what troops will be designated for the Gettysburg encampment has not been decided, but it is expected that two regiments and field artillery will be sent.

A WARNING.

Father Isadore, whose travels as a missionary have taken him into many countries of the world, discussed "race suicide" with a bluntness that at times startled the large audience at the mission of the Paulist Fathers in Holy Name Cathedral in Chicago recently.

Aside from his warnings to individuals both men and women, he predicted—the destruction of the race that first possessed this country, driven out of power and displaced in its possession by the more vigorous child-bearing immigrants from foreign lands.

"As Rome fell so will the United States fall before the rushing vandals," he said.

"And what heathens are those women who, instead of children, lavish their affections upon dogs and other pets. To the unmarried youth I say: Either decide in advance to bear your burdens or parenthood or remain single. To the pariahs I say: Your prating against poker-playing, grog-selling or baseball will not cover the iniquity of your decorated homes."

THE NAVY.

Mr. Padgett, of Tennessee, and Mr. Gregg, of Texas, minority members of the House naval committee, each delivered a speech yesterday in favor of a one-battleship-a-year policy.

"You can divide the American fleet by two, and either half of it will be larger and more efficient in fighting capacity than the Japanese navy," declared Mr. Padgett. "Is it right?" he asked, "that we should use such Japanese hysteria as we have seen exhibited in this country to stimulate our naval strength?"

Comparing the relative naval strength of the United States and Germany, Mr. Padgett declared the United States was stronger on the high seas.

Referring to the slowness with which Japan had completed her latest battleship, Mr. Padgett insisted that the course of Japan was sufficient to disprove the suggestion that that nation was inclined to war with the United States. In a series of years, he said, \$1,577,000,000 had been spent on the United States navy, and \$1,545,000,000 on the army, while only \$115,000,000 had been spent for the development of agriculture.

One battleship, if provided annually, he said, would maintain the relative naval strength of the United States on the ocean compared with other nations.

"Excessive preparations for war lead to war," he declared. "If we sow in righteousness we shall reap mankind. If we sow the seeds of war we shall reap bloodshed and disaster."

Many Requests from Catarrh sufferers who use atomizers have caused us to put up Liquid Cream Balm, a new and convenient form of Ely's Cream Balm, the only remedy for Catarrh which can always be depended on. In power to allay inflammation, to cleanse the clogged air passages, to promote free, natural breathing, the two forms of Cream Balm are alike. Liquid Cream Balm is sold by all druggists for 75 cents, including spraying tube. Mailed by Ely Bros., 56 Warren street, New York.

KILLED BY A BURGLAR.

Miss Martha B. Blackstone, daughter of C. J. Blackstone, was murdered by a masked burglar in the home of Mrs. Sarah J. Dow, Bound Hill, near Springfield, Mass., early last night. Miss Harriet Dow, daughter of Mr. Dow, was shot in the head and was removed to Springfield Hospital in a dying condition. The murderer escaped.

The murder was a most wanton one, Mrs. Dow, her two daughters, and Miss Blackstone, who was a guest at night, were seated in the living room of the home about a small table solving a picture puzzle. The first intimation of an intruder was a demand for money from the dining room just in the rear. They looked up to see a masked man

in the dark doorway, threatening them with a revolver. Mrs. Dow retained her composure and replied: "We have no money."

Miss Blackstone, in fright, jumped to her feet and ran screaming into a reception room to the right of the living room. The burglar said: "If you want to be killed, keep on screaming."

He fired as he spoke, the bullet entering Miss Blackstone's left breast. Death followed instantly.

The murderer hardly paused to see his victim fall before he turned the revolver on the group, shooting Miss Harriet Dow in the head. He then ran to the front door, leaped over the piazza railing, and disappeared.

The police have no clue to his identity.
